THE INCENTIVE AWARDS PROGRAM recognizes exceptional students who demonstrate academic ability, uncommon persistence, and maturity despite obstacles in their path.

Directed toward graduates of Baltimore City and Prince George’s County high schools, the program offers an extensive network of staff, peers, advisers and mentors, together with outstanding programming. Additionally, each student receives funding to cover tuition, fees, room and board for four years. Students fully engage in program activities and stay active in their high schools and neighborhoods through peer advising, high school visits and outreach programs to inspire young people to similar academic achievement.

Among the finest public universities in the nation, the University of Maryland offers a quality education in more than 100 fields. The diverse community of faculty and students at Maryland provides a stimulating environment that encourages exposure to new ideas and differing opinions.

Students from select high schools in Baltimore City and Prince George’s County are encouraged to include the University of Maryland and the Incentive Awards Program in their college plans. Apply for undergraduate admission by November 1 for best consideration.
